

Cristian Serna López

Tech Developer – Civil Engineer

✉ criserlo98@gmail.com 📞 + 57 3209821607 📍 Medellín-Colombia

Profile

Civil Engineer with a strong affinity for technology, specifically software development. Proficient in various technologies for Frontend development such as JavaScript and React, and for Backend development such as Java and Spring Boot.

Education

Certified Tech Developer May 2022 – Present

Digital House

Currently, the course is still in progress, with the projection to be completed in March 2023. Through various subjects, the course provides sufficient skills to become a full stack developer.

Professional degree in Civil Engineering Jan 2016 – Jul 2021

University of Medellín, Medellín-Colombia

Bachiller Académico Jan 2009 – Dec 2015

Colegio Militar Almirante Colon, Cartagena-Colombia

Employment

Bilingual voice agent. Dec 2021 – Mar 2022

24/7 AI, Medellín

Experience as a bilingual customer service agent for an American grocery store chain called BJ's. During my experience in this role, my ability to find efficient solutions in a short amount of time stood out.

Internship Dec 2020 – Jun 2021

Estructurar Infraestructuras, Medellín

Construction assistant, providing ideas and solutions to problems related to civil works construction.
